## HOT FIGHT IN THE HOG ASSOCIATION

ELECTION UNDER SUPERVISION OF COURT ON JULY 15.

## HAS ORIGINAL COPY OF A DAVIS LETTER

Campaign on for Proxies and Votes and Much Literature is Being Sent Out to Members.

The resignation of the secretary and directors of the Standard Poland-China Record association and the new election as ordered by the Nodaway county circuit court will take place two weeks from today. Judge Charles H. Mayer of St. Joseph, who makes the order, will return to supervise the election.

As the time grows nearer, the campaign among the stockholders for the proxies and votes grows hotter between the administration, represented by Secretary Ray Davis and the nine directors, who are W. B. Gex, chairman; J. C. Meese, W. A. Baker, John H. Roll, J. P. Bennett, L. R. McClarnon, Thomas J. Meisner, H. C. Lookabaugh and Thomas A. Shattuck, and the "insurgents," represented by F. P. Robinson and W. H. Gilbert.

Large amounts of literature are being sent out, and the indications are that a high record for the number of votes will be set, both for those cast in person and those cast by proxy. Although there are almost thirteen hundred stockholders, the highest vote ever cast was about six hundred.

The entire situation was reviewed by the directors in a letter of four pages sent out by the secretary, May 23. This circular has been answered chiefly by a four-page paper sent out by Mr. Robinson by several large cards mailed to all the members by H. C. McKelvie of Lincoln, Neb., one of the veterans of the association and by another large paper which is being prepared and sent out this week by W. H. Gilbert.

### What McKelvie Thinks Now.

Mr. McKelvie's chief plea is that the members shall not sign over their stock to be voted for the purpose of a new election or consolidation. He says that the Standard was never in better shape so far as the feeling of the members is concerned, although its finances are bad. Some of the interesting clauses in Mr. McKelvie's material follows:

"The McFaddens of Chicago have brazenly come into the Standard and have gotten far enough on the inside that they dictated the action of the past board of directors." \* \* \* I spent four days down around Maryville and in the north central part of Missouri, and I want to tell you fellows that the facts that are being prepared for publication will make you open your eyes. There isn't any chance for consolidation since the court took a hand in it.

"McFadden hopes to cripple the Standard membership by getting those who favored his scheme to 'flock' to the American. Some of the present directors have wanted to do this. Every man who does this will be labelled. \* \* \* I did not find a Standard stockholder who didn't doubt that the Standard would lose its building and the value of the Standard stock if the present plan of consolidation had been carried out. \* \* \* I did find that every man who favored consolidation had one of his main reasons the fact that they had been doing a lot of scrapping among themselves around Maryville, and they were disgusted.

"This is one of the facts that the Chicago bunch has been trying hard to use, and it doesn't amount to anything. Two hundred Standard stockholders who are breeders are back of this fight to clean house, and Standard stock is going to go up."

### Robinson Quotes Some Records.

One of the principal objections made by the administration and by Editor

Walker of the Poland-China Journal is that only the breeders should have a say, so that whatever is done shall be for the good of the breed. The big fight against Gilbert has been the fact that he had never bred a hog.

So Mr. Robinson in his paper gives a chart with a list of the principal men on each side of the fight. Figures from Vol. 25 back to Vol. 20 are given. Mr. Robinson leads with 424 hogs placed on the Standard Record. This is compared with the directors as follows: W. B. Gex, chairman, 0; McClarnon, 310; Bennett, 6; Meese, 193; Shattuck, 243; Baker, 257; Roll, 10; Lookabaugh, 35; Meisner, 29.

In his paper Mr. Robinson also quotes from The Daily Democrat-Forum concerning the election and court orders. A large number of quotations from the Poland-China Journal with appropriate comments are given. The reasons of the "insurgents" for all the actions toward the directors and the plan of consolidation are given.

### Davis Letter Biggest Surprise.

But the big bombshell which Gilbert, Robinson and McKelvie have to spring upon the stockholders is a letter from Secretary Ray Davis to Meese and Shattuck, directors. It is addressed to "Dear Friends Tom and John." Some interesting excerpts from this letter, a photographed copy of which is being sent out, and the original of which is being held for the election, follows:

"What do you think it will be best for us to do (when the suit is brought. The letter is dated March 16). \* \* \* The McKelvie letter is finding some warm places and it has hurt our number of letters.

"I have an idea that when these fellows start their suit the best thing to do will be to resign, jump to the American, and if they call for a special meeting, then if we want we can go down and place our votes against theirs and beat them to it that way, and at the same time deplete their directors so that they can't even get a majority. Then after it goes a little ways, resign again so that they will have to call another special meeting, and give them another dose of the same kind. That ought to hold them for a while. \* \* \*

"Have received several letters of late commending McKelvie on his great article. There is no doubt but what he has a great influence. I can't see that Gilbert's article will cut much ice, as they know him too well. \* \* \*

"Well, I must run off and get a letter off to McFadden and one to Walker. Let me hear from you by return mail."

## THE BRITISH DRIVE IS ON

ALL FIRST LINE TRENCHES REPORTED TAKEN.

British Took Sern and Mt. Aukin This Afternoon—Vigorous Offensive Launched.

Special to The Democrat-Forum.

London, July 1.—This afternoon the British had taken Sern and Mt. Aukin. The Germans are holding Frisco, Villiers, Beaumont and Raml, but the British reinforcements are making fresh attacks. There is a fierce struggle on at Froconal. The French in the south captured Corlu and the Faviere Woods. All the main first line trenches are reported to have been taken.

London, July 1.—A vigorous offensive was launched by the British this morning over the twenty-mile front north of Somme. The assault was preceded by a terrific bombardment lasting an hour and a half. The British already occupied the German front line and many prisoners were taken, the French co-operating to the south.

Announcement was made that the great offensive of the British, which they had been preparing for two years, had started. Fighting continues in the Verdun sector. The Germans have recaptured Thiamont Woods.

## THIS IS THE LIFE! 'GIFT NIGHT' READY

SO SAY THE BAND BOYS AROUND CAMPFIRE AFTER REVILLE.

## MAY MOVE TOMORROW

A Y. M. C. A. Tent Just Installed Enables Soldiers to Read and Write in Comfort.

(By I. B. Williams, Member of Fourth Regiment Band.)

Fourth Regiment Band Headquarters, Camp Clark, Nevada, Mo., June 28.—Around the camp fire—You have all seen pictures of the old soldiers in wars that have made history, sitting around the evening camp fire. This evening, and, in fact, every evening, the boys of the Fourth Regiment Band gather around the camp fire after "Retreat" and tell stories of the old days as their fathers have told them, sing songs that will be sung around future camp fires.

### Old Songs Sung.

Just now the gentle zephyr wafts from the east the melodic strains of Chas. K. Harris' famous song of the Spanish-American war, "Just Break the News to Mother." The street is unusually quiet as the camp catches the strain—Yes, listen, I hear another group farther down the street—It must be down where Battery B is stationed.

### "Retreat" Ceremony Impressive.

As I sit here waiting for the Muse to start my imagination going I find myself pondering over the beautiful and impressive ceremony—that of sounding "Retreat."

Mess is over. The evening shadows begin to lengthen toward the east. A solemn stillness has begun to settle over the camp. Presently, we hear from the little knoll to our left the bugle sounding "Retreat" from headquarters, and immediately the band strikes up the old familiar tune, "The Star Spangled Banner."

Every soldier comes promptly to attention, and when the band ceases playing everyone patriotically salutes the flag. Somehow that song means more to one who has had a taste of army life. The average American citizen doesn't seem to appreciate what American freedom is and what patriotism means.

### Equipment Being Inspected.

Thursday—This morning we had our equipment checked over and those things which we lacked were issued to us. Early in the afternoon we went over to the Quartermaster's tent and were fitted for shoes. They will be issued to us tomorrow. At which time it is also expected that we will be examined. The boys are somewhat fearful that we all won't pass. With the expectation of getting to go to the border so nearly realized we are all getting somewhat anxious to go. None of us, however, care to stay here any longer.

### No Lazy Man's Job Now.

The boys all express regret that Bovard and Casey left for home so soon as they left just before the real work commenced. It is anything but a lazy man's job now, as they expressed it. When they were here we belonged to the State of Missouri. We are now doing duty for Uncle Sam—and that's different. We are of the opinion that if they were here now they would find little if any time to "shoot craps."

### Schedule for the Day.

We have to "roll out" at five a. m. and play for "Reveille," and as soon as we get back to our company street we have to go through a setting up exercise and then we are ready for mess. As soon as the dishes are put away we are called out to police our street and tents, that is, pick up all loose paper, matches, cigarette stubs, etc.

After that we clean up, roll our tent for an airing and do our own laundry. Then comes a two hours' rehearsal, which we sometimes have to cut short for some duty at headquarters. By this time we are ready for mess. It is almost impossible to do anything after noon mess so we lay around and sleep for about an hour or two. Then we have another rehearsal and guard mount at five. At seven we play the "Retreat" followed by a concert at Col. McNeely's headquarters. Then we are released.

The report today is that we will leave here probably on Sunday. Most of the equipment has been issued and when the examinations are out of the way, we will be ready to go.

## 'GIFT NIGHT' READY

BAND BOYS WILL BE REMEMBERED TOMORROW EVENING.

## COMMITTEE TO COLLECT

Candy, Dark Cakes and Cookies—All Home-Made Are Best Money Is Good, Too.

All arrangements and preliminary work for the "gift night" and concert of the Maryville band for the Fourth regiment band are completed, and nothing remains now to make Maryville's part in the remembering of the boys of the Missouri national guard except the co-operation of individuals in the making of gifts for the men at Nevada or on the border.

Martin Lewis, Jr., chairman of the social committee of the Union of Young People's Societies, under whose auspices the concert and gift meeting is to be given at the Empire theater at 7 o'clock tomorrow night, announces that his committee will collect all gifts of those who are not able to attend the meeting. He asks that all such notify him at Hanamo 5192.

Miss Katie Lee Allen, daughter of R. G. Allen of this city, who is visiting her sister, Mrs. J. W. Enis, at Nevada, writes home that she has been busy making some cookies and candy for the Maryville boys. She adds that vast quantities of such gifts have been received from all over the state for the members of the Missouri national guard.

Home-made goodies of all kinds are most desired, but an opportunity for a money collection will be given at the meeting tomorrow night. This fund will probably be sent to Frank Schumacher, mess sergeant of the Fourth Regiment band, for the purchase of ice cream and other delicacies not provided by the United States commissary department.

The band boys will remain at Nevada until the latter part of next week in all probability, as new band instruments have been ordered and are not expected until Wednesday or Thursday. This will make the sending of the food much easier. It is inadvisable to send food which is very perishable.

Cookies and the dark cakes are the best. Candy also is good, but needs to be wrapped in oil paper or in tins. As was formerly announced, if individuals or clubs desire to insert cards this will be acceptable to the committee. The goods will be sent by express Monday morning, with a sufficient deposit to insure their forwarding to Laredo without any delay if the Fourth Regiment band has gone forward. Censorship of the news dispatches now makes the troop movements secret.

## MUCH BRIDGE WORK DONE

The County Court Has Built a Number of Bridges and All Gangs Busy.

A great deal of bridge work is being done by the county court over the county. A new bridge is being put in over the Elkhorn, east of Skidmore, and one also near Gallagher's eight miles east of Maryville. A bridge south of Harmony church is being repaired. Another bridge is being constructed two miles east of Gaynor City and when that is finished, the gang will build one one mile east on Honey creek near Gaynor City.

J. E. Reece, county surveyor, had the supervision of a bridge that was built near the Bell Grove school house, southwest of the city.

The court has also received a car of lumber at Quitman to be distributed in that section. Judges Blackford and Fawcett were in Hughes township yesterday afternoon.

## MARRIED FIFTY YEARS AGO

MR. AND MRS. JAMES PARSHALL OF SKIDMORE TO CELEBRATE.

Came to Nodaway County in 1872 and Have Resided Near Skidmore for the Past Thirty-Six Years.

Mr. and Mrs. James Parshall of near Skidmore will celebrate their golden wedding anniversary on July 4, when all of their children and their families, and also brothers and sisters of Mr. and Mrs. Parshall will be in attendance.

Mr. and Mrs. Parshall were married in Fairfield, Ia., July 4, 1866, and came to Nodaway county in 1872, first living in Quitman for six years and then moving to near Skidmore, which has been their home for the past thirty-six years. Mr. Parshall is 81 years old and is a native of Fairfield county, Ohio. Mrs. Parshall was born near Chili, O., and is 69 years old. Both of them are in good health.

They have eight children and their are: Fred Parshall of Wray, Colo.; Mrs. Mary Rounds of Wray, Colo.; Ad Parshall of Quitman, Mrs. Belle Duffy of Pattonburg; Frank, John and James G. Parshall of Kansas City, and Robert E. Parshall of Cameron. Two sisters of Mr. Parshall, Mrs. James Maley and Mrs. Clara J. Kyle of Pleasant Plain, Ia., are visiting their brother and his wife and will attend the celebration. Mrs. Asenath Baker of Fairfield, Ia., a sister of Mrs. Parshall, will also attend the celebration, and Mr. and Mrs. James Ross of Central City, Neb., will arrive Monday, Mr. Ross being a brother of Mrs. Parshall.

## WILCOX PROGRAM READY

Races, Patriotic Addresses and Even a "Human Fly" Prepared for Fourth of July.

Wilcox is just about ready for its big celebration on next Tuesday the Fourth of July, and the members of the committee feel that their program is as good a drawing card as any in the county.

The music for the day will be furnished by the Elmo band. There will be a potato race, a greased pole and which the boys may try their Sunday suits, an egg race for the careful youngsters and a greased pig for those who pride themselves on their grip.

Two balloon ascensions will start the crowd looking upwards and "Willie, the Human Fly" will fix their gaze when he makes his wild climb up one of the "government buildings of Wilcox. The day will be "topped off" with a big basket dinner, and with a display of fireworks in the evening. M. E. Ford and "Bill" Sawyers of Maryville have been engaged to deliver the patriotic addresses, and Bernice Duncan will read the Declaration of Independence.

Five train loads of soldiers, largely the Vermont militia, and a car load of equipment passed through Nodaway county over the Chicago Great Western yesterday afternoon. Every train had from ten to twelve cars.

## TROOPS TO THE BORDER

MISSOURI REGIMENT LEFT LAST EVENING.

House Passed Bill Providing \$2,000,000 for Relief of Families Dependent on Militia Men.

Special to The Democrat-Forum.

Fort Riley, Kan., July 1.—Second regiment of the Kansas national guards entrained this morning. Three trains were under way by noon. Their destination was kept secret and they will possibly reach the border Tuesday night.

Washington, July 1.—The war department this afternoon gave out a report of the progress of mobilization of the militia forces not previously mentioned. The report shows rapid progress in mustering in Missouri, Kansas and Illinois.

### First Missouri Regiment Left.

Nevada, July 1.—The First Missouri infantry left Camp Clark late yesterday afternoon for the border. The artillery and signal corps will be the next to go, and the remainder of the Missouri brigade now will move out rapidly.

### For Relief of Families.

Washington, July 1.—With two dissenting votes the house passed a bill providing \$2,000,000 for the relief of families dependent on militiamen. The maximum for each family is \$50 a month.

### Mexicans Quit Job.

Galveston, July 1.—Over two hundred Mexicans quit their job on the Texas railroad and returned to Mexico to enlist.

Mrs. Glover Receives Form Note From Border Telling of Boy's Safety.

Mrs. Emily Glover received a letter from her son, W. H. Wiggin, who is in the regular United States army in Mexico, saying that he was well. The note was one of the regular form sent out by the soldiers, whose mail is under strict censorship while engaged in regular service. Mrs. Glover had not heard from her son for two months.

### 96 Degrees the Weather Man Said.

Were you very warm about 2 o'clock this afternoon? And did you know what the weather man gave out as the official temperature at that time? If it won't make you any warmer, what he said was this: "96 degrees and all is well." All but the poor persons who don't like hot weather. Mighty fine corn weather though, eh farmers?

## IMMEDIATE CRISIS NOT LOOKED FOR

BUT MILITIA FORCES ARE ARRIVING ON THE BORDER.

## CANNOT PERMIT MOVEMENT OF U. S. TROOPS

Will Accompany Statement With Declaration It is Now Fully Prepared to Prevent Bandit Raids.

Special to The Democrat-Forum.

Washington, July 1.—Secretary of State Lansing refused to discuss the Mexican statement issued yesterday.

That the de facto government reiterates it cannot permit movements of the American troops now in Mexico in any direction but toward the border and will accompany the statement with a declaration it is now fully prepared to prevent further bandit raids against the American territory is the belief expressed in well informed circles. Also the reply to President Wilson's ultimatum has been ready ever since the order for the release of the Carrizal prisoners given but has been withheld pending the completion of certain military movements by the Mexicans.

That immediate crisis is not looked for is indicated by agreement of the house leaders in taking a recess until after the Fourth of July.

The state department is without word when the reply of Sunday's note could be expected. President Wilson returned to Washington today to await developments. President Wilson spoke before the New York Press club last night and indicated plainly he is opposed to war with Mexico unless it is absolutely necessary.

The memorandum to Secretary Lansing's recent note contains thirty-five counts, and the correctness of assertions in the communication from Washington was repeatedly denied. The memorandum declares that the United States had no right to maintain its armed forces on Mexican soil.

At the state department officials were notified by the Carranza authorities in Coahuila that live stock and other property taken from the Americans will be restored to owners. In Manzanilla part of the gold and silver bullion stolen is already restored and the rest will be restored at once.

Ambassador Arredondo announced that Obregon has issued orders that the bodies of the Americans killed at Carrizal will be returned to the United States.

El Paso July 1.—Militia forces began to reach the border. Direct orders from Secretary of War Baker threw screen of secrecy about the movement of the troops and forbid publication as to number and disposition of the guardsmen, but it is known that the New England forces were the first to arrive.

Work to assign the militia to posts along the border will be started as soon as the guardsmen are acclimated. From Columbus censored reports came that the truck trains were stopped twenty-six hours after the American scouts reported the massing of Mexican soldiers along the line of communication.

Mexico City, July 1.—The official report issued of the Carrizal battle says the Americans started the fight after refusing to give Gomez time to telegraph to Juarez for permission to pass through the town. The report was written by General Rivas, who was appointed by Gomez to confer with Captain Boyd. Rivas assumed command when Gomez was killed.

ELECTING A PRESIDENT

JACKSON.

THE Democrats nominated Andrew Jackson of Tennessee in 1828, and John Quincy Adams again opposed him. The election occurred on Nov. 4, and the vote, counted on Feb. 11, 1829, was: Jackson, 178; Adams, 83. Calhoun was elected vice president. The popular vote that year was: Jackson, 647,231; Adams, 509,007.

Jackson was again elected in 1832. The first national convention was held that year, and the platform was adopted setting forth the policies of the Democratic party.

Jackson was renominated and was opposed by Henry Clay of Kentucky. The vote was: Jackson, 219; Clay, 49. Popular vote: Jackson, 687,602; Clay, 530,189. Van Buren was elected vice president.

This exhibit was always shown at fairs and expositions before this time but the government realized that the whole body of the people was not getting the benefit. So it made a contract with the Baltimore and Ohio Railroad for the use of twelve steel cars in which the exhibit could be moved from town to town, thereby instructing all of the people.

MAKING THE CORN GROW NOW

Oren N. Lanning of Barnard Predicts Big Crops This Year—Nodaway Stock Patrons.

"A large proportion of the corn in my vicinity had to be replanted this spring," said Oren N. Lanning, a successful stockman and farmer operating near Barnard, who was in today with a load of hogs of his own feeding. "The replanted corn is only from 4 to 6 inches tall now. However, most of it grew at least 3 inches last week. "We are getting splendid weather for growing corn and if it continues we will harvest a large crop. Most of the corn is now clear of weeds and everything points towards a successful year at present even if we did have such a poor start in the spring."

MARRY HERE, WANTS DIVORCE

Mrs. Ollie Stutesman of North Platte, Neb., Asks Custody of All Five Children.

Special to The Democrat-Forum. North Platte, Neb., June 29.—Claiming that her husband David Stutesman is a habitual drunkard and when under the influence of liquor is abusive to her and their children, Mrs. Ollie Stutesman today filed suit for divorce in the district court of Lincoln county and asked the custody of her minor children.

The couple were joined in matrimony at Maryville, Mo., October 16, 1885 and the wife alleges that for several years she has had to provide for herself and children. There are five children as issue of the marriage and she says she wants them all.

Card of Thanks.

We desire to extend our heartfelt thanks to our friends and neighbors for the kindness and sympathy shown us during the illness and death of our beloved mother, and for the many beautiful floral offerings.

This Trade Mark Means the Highest Point Reached in Fence Manufacture

Apex is at the top in good points. It has—

1. Best galvanized Open Hearth steel wire.
2. Guaranteed stock-proof weave.
3. Firm, rigid stays which hogs can't bend up at the bottom. They are always plumb and keep the fence in shape always.
4. Stays reinforced to "double strength" at every joint, at which point they are heavier than stays of any other fence.
5. The "swinging joint" makes Apex perfectly adjustable to any kind of rolling and hilly land. That saves time, trouble and expense in building your fence.
6. A style of Apex Fence for every purpose. Extra heavy Poultry Fences.

DOUBLE STRENGTH SWINGING JOINT

Buy Apex Fence and Save Money

It would take us but a few minutes to show you how Apex will save you money in the cost of building fence, and why it will pay you to buy the very best when you get it at the right price. May we show you all the Apex advantages?

**A Letter's the Thing.**  
The boys say they want letters from home folks—if you haven't time to write, sit down and do it anyway. If you can't write a letter send a postal. Tom McMullen and his assistant, Claud Wilson, say that a Big Ben would be a most welcome article, as they sometimes forget to wake up at the proper time, and then — magazines and papers are also welcome. Several of the boys received eatables today and my! — it was a gentle reminder of "Home Sweet Home." We hope that is only a starter. "But a letter does more for us than anything else."

**Y. M. C. A. On Deck.**  
A new "edifice" was erected just across the street last evening from us, a Y. M. C. A. tent. It is under the direction of A. A. McLaughlin of St. Louis Central Y. M. C. A.; W. H. Fisher and R. F. Holcombe of Kansas City. Although rather late in arriving it is filling a "longfelt" need in camp life. We can come over here most any time during the day and especially at night and write letters. The management is fixing up a motion picture machine and will give us some entertainments during the week.

This morning some more recruits passed by and who did we see bringing up the rear but P. L. (Midge) Boother. He is enlisted in the Mounted Scouts. Dick Levasy and Dave Pfeiffer arrived yesterday.

Every one is in good spirits.

### To Visit at Ewing Home.

Miss Katherine Slaughter of Wathena, Kan., will arrive tonight in Maryville to be the guest of Mr. and Mrs. Harold Ewing.

George McMurtry returned this morning from a few days visit at Flint, Mich., in the Buick factory. Mr. McMurtry is the Buick agent at this place.

## "America for Me"

### A July 4th Poem

By Henry Van Dyke

THIS fine to see the old world and travel up and down  
Among the famous palaces and cities of renown;  
To admire the crumbly castles and the statues of the kings,  
But now I think I've had enough of antiquated things.

So it's home again and home again,  
America for me!  
My heart is turning home again,  
and there I long to be—  
In the land of youth and freedom  
beyond the ocean bars,  
Where the air is full of sunlight  
and the flag is full of stars.

Oh, London is a man's town; there's power in the air,  
And Paris is a woman's town, with flowers in her hair,

And it's sweet to dream in Venice,  
and it's great to study Rome,  
But when it comes to living  
there is no place like home.

I like the German fir woods,  
in green battalions drilled;  
I like the gardens of Versailles,  
with flashing fountains filled;

But, oh, to take your hand,  
my dear, and ramble for a day  
In the friendly western woodland,  
where nature has her way!

I know that Europe's wonderful,  
yet something seems to lack.  
The past is too much with her  
and the people looking back.

But the glory of the present is to make the future free—  
We love our land for what she is  
and what she is to be.

Oh, it's home again and home again,  
America for me!  
I want a ship that's westward bound  
to plow the rolling sea  
To the blessed land of room enough  
beyond the ocean bars,  
Where the air is full of sunlight  
and the flag is full of stars.

## The Universal Fourth

Was our Declaration of Independence such a wonderful event? Was our war for independence from England necessary? Did our forefathers of 1776 accomplish anything for the good of mankind? We look about us and see colonies of foreign nations, owing and paying allegiance to European powers, flying the flags of such powers, yet virtually independent and self governing. Each of these countries is admirable for its wealth, its freedom, its happiness—for the contented state of its citizens. Yet none of them fought revolutions. Had we endured the tyrannies which brought on our war and clung to England would not our condition be as desirable as theirs? \*\*\* No. Our revolution was not useless; our ancestors did not suffer and die for nothing, because without the freedom they gained for us there would have been no freedom elsewhere without bitter warfare. We suffered not alone for ourselves, but for all the world. Political freedom is almost universal today because the thirteen colonies showed the way, and once the way was plain, the world was forced to follow. We think of our war for independence simply as a national affair. It was greater, more sublime than that, more far-reaching. The Fourth of July might well be celebrated in every civilized land on the globe—American Day.

## Fourth of July Luncheon

Place a large toy cannon in the center of the table. Make a quantity of tents either by folding napkins in their shape or by laying striped cotton cloth over small frames of wire or, easiest of all, by buying toy tents. Arrange these on the table.

Buy also a box of tin soldiers on foot and on horseback and scatter them about among the tents. Put small flags at the top of each tent and among the bonbons.

Use tall vases filled with red and white carnations and blue bachelors' buttons either intermingled or grouped in colors separately. A bunch tied with narrow red, white and blue ribbon may lie at each place.

Give each guest a bonbon box representing a common firecracker filled with small scarlet candies. The name may be painted in white on the side of the cracker to serve as a guest card, as also a souvenir.

For your menu serve:  
Iced Currants.  
Iced Bouillon. Watercress Sandwiches.  
Cold Salmon. Sauce Tartare.  
Tongue in Aspic.  
Tomatoes With French Dressing.  
Raspberry Lemonade. Pineapple Salad.  
Cheese Straws.  
Olives. Ice Cream in Drama. Bonbons.

An English View of July 4.  
The following view of the American Independence day was printed in England about the middle of the last century:

"When a country or a government has been baffled in its efforts to attain or preserve a hated rule over another people it must be content to see its failure made the subject of never ending triumph and exultation. The joy attached to the sense of escape or emancipation tends to perpetuate itself by periodical celebrations, in which it is not likely that the motives of the other party or the general justice of the case will be very carefully considered or allowed for. We may doubt if it be morally expedient thus to keep alive the memory of facts which as certainly infer mortification to one party as they do glorification to another, but we must all admit that it is only natural and in a measure to be expected."

Button Gwinnett of Georgia Was Killed in a Duel.  
The following account by an eyewitness of the duel on May 15, 1777, between General Lachlan McIntosh and Button Gwinnett, a signer of the Declaration of Independence for Georgia, is contained in a letter that was published recently.

George Wells of Richmond county, Ga., was the eyewitness. He says: "Late on the evening of Thursday, the 14th May, a written challenge was brought to Genl. McIntosh, signed 'Button Gwinnett,' wherein the said Mr. Gwinnett charged the General with calling him a scoundrel in Public Convention, and desired he would give Satisfaction for it as a Gentleman before Sunrise next morning in Sir James Wright's Pasture behind Col. Martin's house, to which the General humorously sent in answer that the hour was rather earlier than his usual, but would assuredly meet him \*\*\* with a pair of Pistols."

Wells, who was evidently a friend of McIntosh, then goes on to describe the meeting, the "polite salutation" and examination of the pistols. When they noticed a crowd of spectators they agreed to go farther down the hill. Some one proposed they should stand back to back. The general answered: "By no means. Let us see what we are about."

"Immediately each took his stand," the affidavit continues, "and agreed to fire as they could. Both pistols went off nearly at the same time, when Gwinnett fell, being shot above the knee, and said his thigh was broke. The general, who was also shot through the thick of the thigh, stood still in his place, and, not thinking his antagonist was worse wounded than himself, asked if he had enough or was for another shot, to which all objected. The seconds led the general up to Mr. Gwinnett, and they both shook hands, and further than this Deponent saith not." Gwinnett died twelve days

later.

## Six Months Notice.

Preparatory to my quitting the Implement business, I shall on and after January 1, 1917, conduct strictly a cash or note business. They tell me it can't be done, but I'll show you. The banks do it; Ed Townsend does it; Sears and Robuck do it, and what they can do, I can do. SO KEEP YOUR EYE ON THE INDICATOR and do not misconstrue.

**Think!!!** Did you ever get ten dollars at a bank without first signing an interest bearing note, and no doubt, giving security? Did you ever get a dollars worth of groceries from Ed Townsend without first paying for them? And last, but not least, did Sears and Robuck ever send you a thing without your first sending the collateral, and too, without your having seen it? These questions, CAN BE answered by the children.

## Please Remember The Date.

### It is a Fact,

January 1, 1917, I shall have been in the implement business, right here in Maryville a quarter of a century. Think!

### WHAT THE EDITOR'S Nodaway SCISSORS FOUND

#### CONCEPION COURIER.

The voter, irrespective of political affiliation, that cannot pick out a candidate for whom he can conscientiously cast his vote at the primary next August must indeed be hard to please. As the circus advertising agent would put it "there is the greatest array of talent ever gathered together under one canvas."

Perhaps it is just fancy on our part, but it does seem that we do not hear of so many complaints of indigestion and stomach trouble caused by overeating these days. This may be attributable to the H. C. of L. Thus every evil hath a twin joy.

Only for the presence of mind and prompt action on the part of J. F. Pfeiffer, what might have been a serious fire was prevented Tuesday morning. Mr. Pfeiffer was generating his gasoline stove in the rear of his bakery when the gasoline tank caught fire. He carried the blazing stove out of the building, but in so doing his right arm was quite badly burned. The arm was promptly dressed and he is getting along nicely now.

#### BURLINGTON JUNCTION POST.

Rev. J. D. Mendenhall of Brookfield visited Sunday night at the home of his son, Walter Mendenhall, his work as secretary of the board of conference claimants having brought him to this part of the state.

Rev. Horace S. Weaver is in the central part of the state this week, having lecture appointments at the Williamsburg church and at Mokane. He will return home tomorrow morning. Quite a little excitement was caused

on East Main street Saturday evening when Wm. Malone's pop corn and peanut machine caught fire. The flames were soon extinguished with but slight damage to the machine.

L. D. Carter was quite a loser in the standing in the barn lot near the lightning killing two pure bred Shorthorn cows that were worth \$175. They were standing in the barn lot near the lightning rod to the barn, and when the bolt struck the rod it killed both of them. The cows were insured in the Mutual Insurance company for \$10 each. James Burch also lost one cow on his farm, east of Burlington Junction the same night by lightning.

Edward M. Walker, who has been visiting relatives and friends in Maryville and Burlington Junction for several days, left Monday morning in his Overland car for his home, near Finley, N. D. The distance is about 1,000 miles and he expects to complete the trip by the last of the week. Ed bought a large farm near Finley last fall and he and his family moved to it early this spring.

When Leonard Houston went home from doing his Saturday's shopping in Burlington Junction he had safely tucked in his jeans the first cream cheque he had ever received. Leonard has farmed all of his life and now owns one of the best and largest farms in this vicinity, but he never sold a dime's worth of cream until Saturday, giving all of his attention in the past to fat steers and hogs.

Misses Anna and Clara Crane, who have been taking the academic course of the Christian college at Camden Point, are home for the summer's vacation. Miss Anna completed the course this year, having three years' work there and one year in the Burlington Junction high school. The girls' mother, Mrs. A. B. Crane, attended the commencement exercises and accompanied them home.

H. W. Pitkin, who has been a guest at the J. W. Smith and L. O. Staples homes for two weeks, returned to Sioux City, Ia., Sunday in his car. Mrs. Pitkin and daughters and Miss Ethel Pitkin will remain for a longer stay. Mr. Pitkin was formerly a Nodaway county boy, working on a farm for Mr. Smith. Later he attended the school of law at Columbia university, New York, and thirteen years ago located in Sioux City, where he has since built up an excellent practice. A year after locating in the Iowa city Mr. Pitkin was married to Miss Anna Smith, daughter of Mr. and Mrs. J. W. Smith of this place, and each year the family spends their vacation here.

#### HOPKINS JOURNAL.

Dr. Kirk reports a boy in the home of Otis Bebout and a girl in the home of Sam Florea.

Parson Griffith left a mess of peas at the Journal home this week, knowing that the Lord loveth a cheerful giver.

Tom Mathers reports that he lost a valuable Hereford cow by the clover bloat route last week—one that he would not have parted with for much less than a hundred, but he had to be satisfied with \$6.40 for the hide. Cattle throughout this part of the state are dying in comparatively great numbers from bloat, and the strange part of it is, white clover is causing it. Many farmers have believed up until this time that white clover would not bloat.

Other towns have ordinances prohibiting poultry from running at large. Why not Hopkins? A recently enacted ordinance at Cape Girardeau empowers peace officers there to "arrest" all chickens, ducks and geese that wander from their own firesides, especially when the wanderers invade the neighbors' gardens. A goose that goes to jail will be fined twenty-five cents, the penalty for ducks is a dime apiece, while a chicken is let off for a nickel.

Miss Neva Shearer was painfully, although not seriously, hurt in a jitney accident in Maryville Tuesday, the driver starting the Ford so suddenly that the Hopkins girl was thrown forward against the front seat, cutting an ugly gash in her forehead. Miss Shearer was enroute to Stanberry and the jitney people treated her as nicely as possible by getting a big Cadillac in which to complete the journey.

#### Spry at 73.

Col. T. W. Porter, the veteran insurance man of this city, celebrated his 73rd birthday last Thursday and is certainly very spry for a man of his age, having no gray hairs and being as active as most men are at fifty. He contemplates going soon to his old home in Michigan to visit a brother and a couple of nephews whom he has not seen for more than a quarter of a century.

Henry Morehouse of the hardware firm of Morehouse & Co., Burlington Junction, was in Hopkins Sunday and reports that he met up with a real exciting time the other day while out driving an "Omaha 30" car near the Junction. His brother Paul of this city was visiting at the Junction and was in the car with him. They were driving on the bottom road west of the Junction when the first thing they knew flames shot up into their faces from the foot boards of the car. They jumped from the machine and by applying wet gumbo that happened to be at hand, succeeded in putting out the fire before a great deal of damage had been done. The fire originated by a faulty exhaust pipe allowing the flames to shoot from the engine in broadside fashion, so to speak.

#### ELMO REGISTER.

George Clardy shipped a load of sheep from Shambaugh to the St. Joseph market on last Monday, and a load of hogs on Tuesday from Elmo to the same place.

Ed Cox, a former resident of this locality, but now of Des Moines, is said to be hopelessly ill with tuberculosis, and his death is a question of a few days.

A swarm of bees settled in the walls of the little office building adjoining the Masonic building, going into the wall through a knot hole in the boxing.

Elmas James says that the corn was tasseled out by July 4, in the year 1872. It was the year after they moved to Missouri, and they went over to Braddyville to a celebration. He says he has never seen it so early since that time.

Mrs. B. H. Livengood, who has been so ill at times recently, was taken to a hospital at Clarinda last Sunday, and on Monday was operated on for appendicitis. Word from her says she is improving after the operation, and no doubt will soon be well again. Her mother, Mrs. R. T. Lamar, went up Wednesday to see her.

Mrs. Earl Watson of Elmo was taken down to St. Joseph on Wednesday of last week for a surgical operation, which was performed by Dr. Geiger. She was suffering from a complication of diseases, and her recovery was doubtful, but the latest news is more favorable, and she is expected to recover.

Mrs. Clarence James was taken Wednesday of last week to Mayo Brothers' hospital at Rochester, Minn., for a surgical operation. As there

were 1,086 ahead of her in waiting, it was three or four days before she could be examined. The surgeons seemed to think the ailment was not as bad as her friends had feared, and that the operation was not a dangerous one. Her friends and neighbors will be glad to hear this, and hope for her speedy recovery.

#### SKIDMORE NEWS.

Those attending the Methodist Sunday school convention at Maitland from Skidmore were: Rev. W. H. Welton, Rev. and Mrs. Reuben Barrett, Mrs. Dave White and son, Charley, Mrs. Mark Loucks, Mrs. Louis Garnett, Mrs. James Parrish, Misses Susie Saunders, Minnie Kramer and Letta Latta.

Monday J. V. VanAusdall came into the News office with a dozen nice, smooth, new potatoes, the largest of which measured 7½ and 8 inches in circumference. The potatoes were of the Early White Peach Blow variety and he said the yield this year was unusually large.

Mrs. Wm. Howden entertained her sisters and brother the past week. This is a happy occasion, as all the sisters and the brother are together. They are Mrs. L. Burnett and son, Paschall, of Lincoln, Neb.; Mrs. Flora Newton, Clearmont, Mo.; Mrs. F. D. Norton and daughter, Margaret; Misses Emma and Maggie Paschall and Ralph Paschall of St. Louis.

#### Wedding Anniversary.

Mr. and Mrs. J. J. Hughes were guests of honor at a dinner given in celebration of the twenty-ninth anniversary of their marriage Tuesday, June 27. Mr. and Mrs. E. T. Clark and Arch Mast and children were also guests.

We, the undersigned citizens of Skidmore and vicinity, whose names are hereto subscribed, agree to stand behind the Chautauqua movement in Skidmore for the year 1916, and to consider ourselves a guarantee committee for the payment of a contract of as much as one thousand dollars (\$1,000) for same. This contract to be binding when signed by forty or more: H. W. Montgomery, G. L. Owen, J. E. Pierpoint, E. L. Cunningham, W. H. Welton, W. G. Reynolds, W. S. Linville, R. A. Walker, L. D. Jordan, F. C. Barber, C. E. Owens, J. F. Patton, M. A. Sewell, E. T. Davis, R. B. Foster, C. H. Sauceman, J. F. Kellogg, Fred Peoples, J. G. Hays, Dr. J. C. Manning, A. C. Dodds, J. W. Barber, J. L. Albright, Ira E. Porter, Mark T. Loucks, J. F. Brown, C. W. Brown.

#### RAVENWOOD GAZETTE.

Born, to Mr. and Mrs. H. G. Lager, of near Ravenwood, Monday, June 19, 1916, a boy.

That Clearmont will have electric lights is now a settled fact. By a vote of 53 to 0 in favor of lights decided the question last Tuesday. The same offer is made Ravenwood by the Maryville Electric Light and Power company, and the matter will no doubt be brought up before the honorable town board at their next meeting. So far we have learned not a single voter in Ravenwood is against the proposed proposition.

Last Tuesday as train No. 1, Chicago Great Western, was going south it ran into a bunch of cattle belonging to O. T. Winters, killing a calf, and mutilating a cow in such manner that it was necessary to kill her. Several others were also struck but not seriously hurt. The accident occurred just north of the river bridges. Just how the cattle had gotten onto the right of way we have not been able to learn.

Friday night a number of young folks gathered at the Freeman home, and after finding pans, buckets and such things as would make a noise, they repaired to the home of Mr. and Mrs. Thomas Rainey. (Right here I wish to say that Mr. and Mrs. Rainey have been married since last September and have boasted more or less about their never having been chartered.) Finding that the Rainey had deserted their home for the night, the little group went to the home of Mr. Rainey's parents, and after all sorts of hideous noises, Tom and his wife came forth with a bucket of cold water, which they served to the crowd. When all had satisfied their thirst, they went into the house and spent a most delightful evening listening to music by Misses Fay and Vicla Rainey.

#### CLEARMONT NEWS.

A big rain visited this section Thursday night, and as a consequence we had no passenger train south Friday morning, on account of damage done to the track down near Quitman, but it was repaired at once and trains were on time in the evening.

Duffy Wallace and Fred Combs came into town Saturday morning with their road drags, dragging the roads all the way in, not only that, but after getting here they dragged the main street in fine shape, which was sure appreciated, and the men got a generous supply of cigars for their kindly act. Come again, fellows.

W. T. Humphrey has bought the James Burch lots, on east Second street, and last week moved the house he bought of Dale Russell onto them and will fit it up to rent. He will at once commence the erection of a new modern residence on the lots he moved the old house from. Let the good work go on, as we need several more residences to accommodate those wishing to move into our town, as there are calls for houses to rent every day.

Dale Russell got his threshing outfit loaded on a car the first of the week and shipped it to Concordia, Kan., and he left for there yesterday.

#### For 3-Days Picnic.

At the meeting called for last Monday evening it was decided to have a three-days picnic in Clearmont some time this fall, the date to be set later.

The meeting was called to order and Dr. Dowell was chosen chairman and B. C. Sowers secretary.

After unanimously deciding to have a picnic, the following committees were appointed:

On finance—Jas. Hornbuckle, H. W. Kramer and J. G. Baker.

Date—A. P. Skeed, C. W. Foreman, A. H. Kelley.

Music and amusements—A. A. Livengood, H. C. Gohn, Dr. Dowell, W. W. Linebaugh, O. O. Gregory, J. W. Smith.

#### Auto Turns Over.

An automobile accident occurred south of town last Thursday night about midnight. Early in the evening a Mr. Waxmonskie of Clarinda and Harry Hartman and a hired man from Braddyville, came here in a large touring car, on their way to Maryville, and wanted some one to go over with them, so Mr. Dan Cook of Maryville, who was here working up a Yeomen lodge, and Fred Campbell of Enid, Okla., who was taking photographic views here, went over with them.

As they were returning and came to the corner just southeast of the George Clary home, the driver, not being acquainted with the road, failed to turn soon enough and ran into the ditch, turning the car over and throwing all of them out. After an inventory was taken it was found that none of them were hurt to speak of except Mr. Hartman, who was pretty badly bruised about the chest.

#### BARNARD BULLETIN.

T. J. Kelmel and wife, living northeast of town, are the proud parents of a daughter, born Wednesday morning, June 28.

While working in the lime house at the lumber yard Monday evening, Billy Currutt fell and wrenched his side. At this time he is feeling pretty sore, but does not consider his hurt serious.

L. J. Mendenhall will leave Sunday for Spokane, Wash., to register for the Colville Indian reservation drawing. He will make other points, such as San Francisco, Seattle and Los Angeles, while gone.

Since Flag Day, Barnard has taken up with the patriotic movement that is so necessary to the welfare of this government. Yesterday one of the progressive citizens took a paper around for subscriptions to buy a flag. In a very short time the money was ready and the flag ordered.

J. C. Clayton and wife left on Tuesday evening for points in the east, where they will make a two months visit. First they will go to Washington, D. C., to visit their son, Harry K. Clayton, who is connected with the treasury department in a very responsible position. From there they will go to Philadelphia, Trenton, N. J., where they will visit brothers and sisters and other relatives.

#### Roads Need Working.

Last week's issue of the Bulletin contained a statement by our correspondent from Pleasant Grove neighborhood about the Saints Highway just out of Barnard. He warns all to keep off this road unless afoot or the sun is shining.

Now the condition of the road should be made better and can be made so if every one will do his part. The greatest need of this road is good and persistent dragging. Half a day just after a rain, while the fields are too wet to work, will put them in excellent shape. On last Saturday as we were going to Maryville, we noticed on the Maryville-Savannah road no less than eight four-horse drags and three big gangs of men at work with scrapers and shovels, and we even saw one man with a hoe filling up the ruts. Such work shows the good roads spirit. Let's all get it.

#### PARNELL SENTINEL.

A basket dinner was held at the home of Thomas O'Day Sunday afternoon. A large crowd was present and all spent a most enjoyable time.

Tom Powers now rides around in a new Reo car, which he purchased one day last week. Mr. Powers says it is much easier riding and a great deal faster getting over the country than riding behind a span of horses. We haven't heard whether he has been trying to climb any barns yet.

Lloyd Porter, 27 years old, was killed at his home at Gentry late Wednesday night of last week while preparing for bed. When found Thursday morning he was leaning against one side of the bed and one shoe off. Fourteen bullet holes were found in the walls. Detect-

tives have been working on the case.

At a regular meeting of the Parnell encampment, I. O. O. F., Saturday night the following officers were elected:

Chief patriarch—Sie Raleston.  
High priest—Chas. DeLong.  
Senior warden—J. H. Sobbing.  
Junior warden—J. K. Yeary.  
Scribe—O. P. Garver.  
Treasurer—Thos. Collins.

Clearmont will soon have electric lights, that town having voted a franchise Tuesday of this week to the Maryville Electric Light Co. This is something that Parnell ought to have. We understand Ravenwood is making an effort to get the Maryville company to run their wires over there. The distance from Ravenwood to Parnell is about eight miles, and the wires could easily be extended without much additional cost. Let's have electric lights.

#### GUILFORD TIMES.

Wednesday morning while Hugh Moore was downtown a buggy top caught fire near his shop and burned. The origin of the fire is a mystery.

Frank Meyer brought in five hogs Monday to W. H. Wray, nine months of age, that averaged 316 pounds. These hogs were a cross between the Poland-China and Tamworth, the latter breed having been found to be very prolific and good feeders in this country.

B. Carter passed away at the home of his son, George, at Barada, Neb., last Thursday at the advanced age of 76. Mr. Carter was an old timer of this section of the country and was highly respected by all for his square dealings and absolute honesty.

Wednesday afternoon about 4 o'clock a small fire started in the rear of the Jobe and Ross store, caused by a leak in the engine, set from sparks from the backfire of the exhaust. The town responded hurriedly to the fire bell and soon had everything under control. This week we print the first of a series of church papers for Rev. O. E. Lockart, which contains only church matter and advertising. The reverend desires an organ to carry messages for him to farther the interests of church work, and has hit upon this plan to give himself freedom in church interests.
